75"	260	
76"	267	
77"	274	
78"	281	
79" & over	295	

### Weight Limits:

Weight limit guidelines are used because overweight individuals are at a greater risk for heart disease, high blood pressure, stroke, altitude sickness, sleep problems, and injury. The guidelines are for all Scouting high adventure activities. Each participant's weight must be less than the maximum acceptable limit in the weight chart. Participants 21 years and older who exceed the maximum acceptable weight limit for their height at the Philmont medical recheck WILL NOT be permitted to backpack or hike at Philmont. They will be sent home. For participants under 21 years of age who exceed the maximum acceptable weight for height, the Philmont staff will use their judgement to determine if the youth can participate. Philmont will consider up to 20 pounds over the maximum acceptable; however, exceptions are not made automatically and discussion with Philmont in advance is required any acceptance. Philmont's telephone number is 575-376-2281. due to rescue equipment restrictions and evacuation efforts from remote sites, under no circumstances will any individual weighing over 295 pounds be permitted to participate in backcountry programs.
